

OIF's 3rd Optical Internetworking Workshop

ASON/GMPLS Test Beds in Europe

Monday, May 8th, 2006
Time: 2:00pm - 5:00pm

OIF

OPTICAL
INTERNETWORKING
FORUM

Objectives of the Workshop

- ◆ Presenting OIF relevant control plane implementations in the R&D area (field experiments, demonstrators) to the OIF members
 - GEANT2/JRA3, NOBEL, VIOLA, MUPBED
 - Inter-domain interfaces: UNI, E-NNI
 - ASON – GMPLS domain interworking
- ◆ Highlighting the role/ significance of OIF IAs/draft specs in these projects
- ◆ Providing feedback to the OIF from practical experiences
- ◆ Outlook, expectations from these projects to the OIF
- ◆ Increasing the awareness of DANTE/NRENs (National Research and Education Network) and universities/research institutes of the OIF work

Agenda of the Workshop # 1

- ◆ **2:00-2:15pm: Joe Berthold, OIF President, and Hans-Martin Foisel, OIF Carrier WG Chair**
 - **Welcome, introductions and overview**

- ◆ **2:15-2:45pm: Afrodite Sevasti/GRNET**
 - **European research network infrastructure project GEANT2**
 - **Further details could be found:**
 - <http://www.geant2.net/server/show/nav.749>
 - <http://www.geant2.net/server/show/conWebDoc.1005>

- ◆ **2:45-3: 15pm, Ferdinand Hommes/FhG-IMK**
 - **German research project VIOLA**
 - **Further details could be found:**
 - <http://www.viola-testbed.de>

Draft Agenda of the Workshop # 2

- ◆ **3:15-3:30pm: Coffee break**

- ◆ **3:30-4:00pm: Alessandro D'Alessandro/Telecom Italia**
 - **European research project NOBEL / NOBEL2**
 - **Further details could be found:**
 - <http://www.ist-nobel.org>

- ◆ **4:00-4:30pm: Hans-Martin Foisel/DT**
 - **European research network infrastructure project MUPBED**
 - **Further details could be found:**
 - <http://www.ist-mupbed.org>

- ◆ **4:30-5:00pm: Summary discussion**
