

Innolight joins other Optical Networking Forum (OIF) members which includes system vendors, component vendors and test equipment vendors, to showcase multi-vendor interoperability of 400ZR coherent transceiver at the OFC Exhibition (OIF booth #5101, Innolight booth #4115) being held in San Diego, March 7-9, 2023.

400ZR QSFP-DD DCO

Features:

- 7nm DSP + Silicon COSA + Nano ITLA
- C band, Linewidth <300KHz, Flex Grid
- Support client-side: 400GE
- 0~75°C case temperature
- QSFP-DD Type 2 form factor
- Coherent CMIS(OIF-C-CMIS-01.1)
- MSA CMIS 5.0 compliant
- Maximum distance:120km

About InnoLight Technology(Suzhou) Ltd

InnoLight Technology (Suzhou) was established in April 2008 ,founded by American venture capitalists and a team of PhDs. Adhering to the concept of "innovation lights our future", InnoLight is committed to the field of photoelectric communication, applying optical technology to the intelligent age of Internet of everything, and building a world-class high-speed optical interconnection integrated solution provider.
