

## ELSFP Laser Module

- Supports 3.2Tb/s Co-Packaging Optical Engine
- CWDM wavelength support 8x 400G FR4
- Power consumption < 12W @ 55°C
- Power supply 3.3V
- Operating temperature: 15°C~ 55°C
- Optical output power: Typical 19.5dBm per channel
- Polarization extinction ratio > 15dB
- Optical port: 8 channels with PMF
- CW laser with TE cooler
- Conforms with OIF ELSFP draft IA
